## B. List of classifications in the IDDS

### By characteristics

Characteristics	Classification	Definition
Demographic	Age	The number of complete years a person has passed since birth. It is derived from month and year of birth.
	Duration of Residence in Hong Kong	The total number of complete years for which a person has lived in Hong Kong. Any period of temporary absence from Hong Kong for 6 months or more was not counted in reckoning the duration.
	Ethnicity	The ethnicity of a person is determined by self-identification, normally with reference to a combination of concepts such as ethnic origin, colour, descent, cultural origins, nationality and language. In Hong Kong, a significant proportion of the population is Chinese, and among the non-Chinese, Asians account for the majority. Therefore, there are more Asian related ethnic groups in the classification.
	Identity of the Primary Carer	-
	Marital Status	The marital status of a person is recorded according to the status reported by respondents at the time of enumeration in the population censuses/by-censuses, regardless of whether the marriage or divorce had undergone any legal registration or ceremony.
	Nationality	Nationality may be related to a person's place of residence, ethnicity or place of birth. It may not necessarily be related to a person's travel document.
	Number of Languages Read	The total number of language a person able to read recorded in the Population Censuses/ By-censuses.
	Number of Languages Spoken	The language/ dialect a person can speak. This is not applicable to persons aged under 5 or mute persons.

	School Attendance	The status of a person in acquiring education in the first half of the Population Census/ By-census year.
Economic	Economic Activity Status	<p>The population can be divided into two main groups, (A) economically active population (i.e. the labour force) and (B) economically inactive population.</p> <p>(A) Economically active population: This comprises the employed (that is the working population) and the unemployed.</p> <p>(I) The working population refers to persons aged 15 and over who should be engaged in performing work for pay or profit during the 7 days before the Population Censuses/ By-censuses or have formal job attachment during the 7 days before the Population Censuses/ By-censuses. The working population can be distinguished by the following Employment Status : (i) Employee : A person who works for an employer (private companies or government) for wage, salary, commission, tips or payment in kind. Domestic helpers, outworkers and paid family workers are also included here. (ii) Employer : A person who works for profit or fees in his/her own business/profession and employs one or more persons to work for him/her. (iii) Self-employed : A person who works for profit or fees in his/her own business/profession, neither employed by someone nor employing others. (iv) Unpaid family worker : A person who works for no pay in a family business is also considered as employed. Food and lodging and pocket money are not counted as pay.</p> <p>(II) Unemployed population: Refer basically</p>

Characteristics	Classification	Definition
		<p>to persons aged 15 and over who should not have had a job and should not have performed any work for pay or profit during the 7 days before the Population Censuses/ By-censuses; should have been available for work during the 7 days before the Population Censuses/ By-censuses and should have sought work during the 30 days before the Population Censuses/ By-censuses.</p> <p>(B) Economically inactive population: This comprises persons who have not had a job and have not been at work during the 7 days before the Population Censuses/ By-censuses, excluding persons who have been on leave/ holiday during the 7-day period and persons who are unemployed. Persons such as retired persons, home-makers, unpaid carers and persons aged below 15 are thus included.</p> <p>(I) Home-maker : A person who looks after the home without pay. (II) Unpaid carer : A person who is engaged in unpaid care to family members or other persons (including persons with chronic diseases / disability and old/young persons). (III) Student : A person who is studying full-time in educational institution. Persons who are self-studying, or studying informal courses in miscellaneous training institutes or studying evening courses and were not working during the 7 days before the Census are also included in this category. Student workers are classified as economically active persons and are not included in this group. (IV) Retired person : A person who has worked previously but is not currently working because of old age. (V) Of independent means : A person who does not have to work for a living. The cost of living is generally borne by rental receivable, savings, investment returns or remittances.</p>

Characteristics	Classification	Definition
		(VI) Other economically inactive person : Economically inactive person not elsewhere classified, e.g. unpaid religious worker and person who cannot work or do not seek work because of permanent sickness or disablement.
	Industry	The major activity of the establishment in which a person worked during the 7 days before the reference moment. In the 2006 Population By-census, the old industry classification was adopted, which was modeled on the 'Hong Kong Standard Industrial Classification Version 1.0' and its updated Version 1.1. In the 2021 Population Census, the classification adopted for statistics on industry is modeled on the Hong Kong Standard Industrial Classification Version 2.0. It is the same as that adopted in the 2011 Population Census and 2016 Population By-census. Although the names of some industry groups in the old and new industry classifications are the same or very similar, their industry coverage is different and thus the figures for 2006 are not comparable with those for 2011, 2016 and 2021.
	Main Mode of Transport to Place of Work	The type(s) of transport a person with a fixed place of work in Hong Kong usually used to travel to his/ her place of work. (For a person who used more than one type of transport to go to work, the main mode of transport refers to the one used for travelling the longest distance.) 'On foot only' was recorded if the person usually walked to work and did not use any other mode of transport.
	Monthly Income from Main Employment (HK\$)	For employers or self-employed persons, this is the amount earned excluding expenses incurred in running their main business. For

Characteristics	Classification	Definition
		employees, this is the total amount earned from their main employment including salary or wage, bonus, commission, overtime allowance, housing allowance, tips and other cash allowances. New Year bonus and double pay are excluded. The amount recorded refers to the income for the month of the reference moment.
	Number of Mode of Transport to Place of Work	The number of modes of transport a person with a fixed place of work in Hong Kong usually used to travel to his / her place of work.
	Occupation	The kind of work a person performed during the 7 days before the reference moment. A new occupation classification scheme was introduced in the 2016 Population By-census and fully adopted in the 2021 Population Census, which follows “International Standard Classification Occupations 2008 (ISCO-08)” more closely than that adopted in the 2011 Population Census, whereas figures for 2006 are compiled based on the old occupation classification which is modeled on the International Standard Classification of Occupations 1988 (ISCO-88). Caution should be exercised when comparing the figures across different Population Censuses/By-censuses.
	Place of Work	The place of work of a person refers to the district where the work place of a person is located and where the person concerned usually stayed or went during the 7 days before the Population Censuses/ By-censuses. For a person who had more than one job during the reference period, the place of work refers to that of his/her main employment. For a person who changed his/her work place day to day (e.g. construction site worker) or had many work places (e.g. doctor working in

Characteristics	Classification	Definition
		both hospital and clinic, mobile hawker), the work place is where the person worked for the longest hours in the reference period. For a person who had no fixed place of work (e.g. salesman, driver) but needed to report duty every day, the location of the office or depot is the work place. For a cross-border truck driver who drove between Hong Kong and the mainland of China and spent most of the working hours in the mainland of China, then the mainland of China is the place of work.
	Place of Work (Same District/ Another District)	The place of work of a person refers to the district where the work place of a person is located and where the person concerned usually stayed or went during the 7 days before the Population Censuses/ By-censuses. For a person who had more than one job during the reference period, the place of work refers to that of his/her main employment. For a person who changed his/her work place day to day (e.g. construction site worker) or had many work places (e.g. doctor working in both hospital and clinic, mobile hawker), the work place is where the person worked for the longest hours in the reference period.
